In order to be able to activate/upgrade your SolusVM license, please follow the step-by-step directions outlined within the proceeding section.

Activating your SolusVM license key:

- Login to your SolusVM Admin Panel
- Upon login, hover over the "Configuration" option in the top menu
- Next, click on the "License" link within the drop down menu
- Once the page loads, locate the section entitled "New Key"
- Enter in your SolusVM license key and click "Update Key" to apply

Updating your SolusVM license key:

- Login to your SolusVM Admin Panel
- Upon login, hover over the "Configuration" option in the top menu
- Next, click on the "License" link within the drop down menu
- Once the page loads, simply click on the "Update Key" to retrieve the changes

Should you have any further questions pertaining to your SolusVM license, please feel free to get in contact with the LicenseCube support team for additional assistance.
