Being one of the leading auto-installers within the market place, this allows Softaculous to be a step ahead of its competition. Please see all the control panels supported within the Softaculous auto-installer below.

Linux/Unix based control panels:

- cPanel/WHM
- Parallels Plesk Panel
- DirectAdmin
- InterWorx
- H-Sphere

If you have any further questions pertaining to your [Softaculous license](#), please feel free to get in contact with the LicenseCube support team for additional help/guidance.
