How do I resynchronize my InterWorx license key?

While there isn't normally a need to resynchronize your InterWorx license key, there are extraneous situations where this becomes necessary. To do so, please follow the step-by-step directions outlined below:

- Login to your InterWorx virtual/dedicated server via SSH
- Next, run the following command within Linux:

~iworx/cron/license.pex --sync

- Allow a few moments for the synchronization to take place

Upon the synchronization completing, you should be able to start using your InterWorx license key as normal.

Should you have any further questions pertaining to your [InterWorx license](), please feel free to get in contact with our web hosting support team for additional assistance.
