Activating an InterWorx license via SSH is quite easy and can be done within a couple of minutes. Please follow the step-by-step directions outlined below to activate your InterWorx license.

- Login to your InterWorx virtual/dedicated server via SSH
- Next, run the following command within Linux:

```
cd /usr/local/interworx/bin &&  
./goiworx.pex
```

- Follow the onscreen instructions for the activation process
- Upon completion, you'll be able to access InterWorx without any difficulties

Should you have any further questions pertaining to your [InterWorx license](#), please feel free to get in contact with our web hosting support team for additional assistance.
