---

Having an automated license management system, Parallels maintains all the keys for Plesk and other licenses worldwide. To lower the amount of fraud and key misuse, Parallels requires that all keys issued check in every three (3) months at minimum.

Having said that, Parallels product automatically check-in to the Parallels licensing system, so there is generally never a moment that you will have to manually update the key within your Plesk license.

Should you have any further questions pertaining to your [Plesk license](#), please feel free to get in contact with the LicenseCube support team for additional guidance.
