The typical process for adjusting the RVSiteBuilder licensed IP is fairly quick and easy. Please follow the step-by-step directions outlined below, and you'll quickly have the IP change completed.

Please note that you MUST have cPanel fully licensed on this IP address in order for the IP change to be successfully completed. If not, the RVSiteBuilder IP change will fail.

- Please go to the contact us section of our website
- Fill in all the relevant information needed
- Next, please indicate the following information:

Current RVSiteBuilder Licensed IP:
 New RVSiteBuilder Licensed IP:

- Finally, click the "Submit Form" button

Once submitted, you will receive an automated ticket ID. You may use this ticket ID to track the process of your request, should you need to.

Should you have any further questions pertaining to your RVSiteBuilder license, please get in contact with the LicenseCube support team for extra help.
