Disabling the trials within your Plesk SiteBuilder is easy and literally only takes a couple of minutes to accomplish. Please follow the step-by-step directions outlined below for your convenience:

- Login to your Virtual/Dedicated server via SSH
- Navigate to the following locations using SSH:

Red Hat based Servers: # /usr/local/sitebuilder/

Debian based Servers: # /opt/sitebuilder/

- Next, locate and edit the following file called: config
- Within the "config" simply add the following line:

```
allow_trial_sites = off
```

- Once ready, simply save the settings to apply!

Should you have any further questions pertaining to your [Plesk SiteBuilder license](#), please feel free to get in contact with the LicenseCube support team for additional assistance.
