Online URL: <http://kbase.licensecube.com/additional-licenses/what-are-the-requirements-for-whmsonic.html>

In order for WHMSonic to function properly, you must ensure that your VPS (Virtual Private Server) or dedicated server meets the minimum requirements. Please see the minimum requirements outlined below:

- cPanel/WHM VPS or Dedicated Server
- Ports TCP/UDP 7000 - 9000 open

Should you have any further questions pertaining to your [WHMSonic license](#), please feel free to get in contact with the LicenseCube support team for additional help.
