Ensuring that your license is installed quickly and easily is our top priority, so when you're ready, simply purchase your license and submit a support ticket to get it installed. Please follow the step-by-step directions outlined below:

- Please go to the contact us section of our website
- Fill in all the relevant information needed
- Next, please indicate the following information:

I would like to have my new license installed.

- Finally, click the "Submit Form" button

Upon submission, you should receive an automated reply with a ticket ID. You may use this ticket id to track the process of your request if needed, when getting in contact with our support team.

If you have any further questions pertaining to your web hosting license, please feel free to get in contact with the LicenseCube support team for additional assistance.
