Dependent on the type of license you currently have, you may find that your license requires an IP address to be used in order to validate your license key. Should this be the case and you need to change your IP, please submit a support ticket by following the step-by-step directions outlined below:

- Please go to the contact us section of our website
- Fill in all the relevant information needed
- Next, please indicate the following information:

Please change my licensed IP from:
Please change my licensed IP to:

- Finally, click the "Submit Form" button

After submission, you should receive an automated ticket response with your request id. To track the progress of your request id, please ensure that you provide it to the support team when getting in contact with them.

Should you have any further questions pertaining to your web hosting license, please feel free to get in contact with the LicenseCube support team for additional assistance.
