How would I obtain a list of all the installations within Fantastico?

The process of obtaining installations within Fantastico isn't complicated. By obtaining a list of installations within Fantastico, you'll be able to quickly and easily understand which script is the most preferred by users. To do this, please follow the step-by-step directions outlined below.

- Login to your cPanel Virtual/Dedicated server via WHM
- Next, locate the section entitled "Plugins" and then click on:

Fantastico De Luxe WHM Admin

- Once under "Fantastico De Luxe WHM Admin" click on the following:

Installations Overview

- Next, locate the "Installations Overview" to see the installations on the server
- Finally, locate "List all installations sorted by" and click on by "Users"

The aforementioned steps will provide you an outline of all the installations within your cPanel virtual/dedicated server.

Should you have any further questions pertaining to your [Fantastico license](), please feel free to get in contact with the LicenseCube support team for extra help.
