Adjusting the language within Installatron is quite easy and will only take a couple of minutes to accomplish. Please follow the step-by-step directions on how this should be completed.

- Login to your Installatron installation as the admin or reseller
- Next, on the left-side menu, locate the section entitled "Interface"
- Under "Interface" click on "Locale" and adjust the language as needed
- Finally, simply click on "Save All" to apply the changes!

If you have any further questions pertaining to your **Installatron license**, please feel free to get in contact with the LicenseCube support team for additional help.
