The process for locating your Softaculous licensing data within your virtual/dedicated server is quite easy. Please follow the step-by-step directions outlined below.

## How to locate Softaculous licensing data within cPanel:

- Login to your Virtual/Dedicated server via WHM
- Locate the sections entitled "Plugins" and next click on:

Softaculous "Instant Installs

- Once under this section locate the "Software Info" section
- Within this section, you'll find all the Softaculous licensing data

## How to locate Softaculous licensing data within other control panels:

While the process for getting Softaculous licensing data is the same, the step-by-step directions on how to get to the Softaculous "Admin" section will be slightly different.

Should you have any further questions pertaining to your [Softaculous license](#), please feel free to get in contact with the LicenseCube support team.
