Customizing the Ubersmith interface to fit with your current design is quick and rather painless. Using the step-by-step directions outlined below, you'll be able to change the logo for the Ubersmith login page and adjust the favicon. Please see below.

- Login to your Ubersmith as the administrator
- Next, go to the "Setup & Admin" in the top menu
- Then, locate the "Client Interface" and click on the "Look & Feel" link
- Make the necessary adjustments within this page
- When ready, please click on "Save Changes" to apply them

Should you have any further questions pertaining to your Ubersmith license, please feel free to get in contact with the LicenseCube support team.
