---

The process for adding/editing/removing currencies within WHMCS is quite simple and can be done within a few steps. Please follow the step-by-step directions outlined below for your convenience.

Adding currencies within WHMCS:

- Login to your WHMCS Admin Area
- Next, go to "Setup" then "Payments" and onto "Currencies"
- To add a currency, simply locate the "Add Additional Currency" section
- Once located, input information into the five (5) input boxes outlined
- When ready, simply click "Add Currency" to apply the changes!

Editing currencies within WHMCS:

- Login to your WHMCS Admin Area
- Next, go to "Setup" then "Payments" and onto "Currencies"
- Locate the currency you wish to edit, and click on the "Pencil" icon
- Next, please make all the changes needed and click "Save Changes" to apply

Delete currencies within WHMCS:

- Login to your WHMCS Admin Area
- Next, go to "Setup" then "Payments" and onto "Currencies"
- Locate the currency you wish to delete, and click on the "red circle" icon
- Upon deletion, you will see the page refresh with the row gone

Should you have any further questions pertaining to your WHMCS license, please feel free to get in contact with the LicenseCube support team for additional assistance.
