Configuring Skrill (MoneyBookers) within Ubersmith is quick and only takes a few moments. Please follow the step-by-step directions outlined below.

Please note this tutorial assumes that you've already been approved for a Skrill (MoneyBookers) account and that's its fully functional.

- Login to your Ubersmith as the administrator
- Next, go to the "Setup & Admin" in the top menu
- Then, locate the section entitled "Client Manager"
- Under "Client Manager" please click on "Payment Processing Options"
- Finally, locate "Skrill" enable it, and input all the necessary data
- When satisfied, simply click the "Update" button to save changes!

Should you have any further questions pertaining to your Ubersmith license, please feel free to get in contact with the LicenseCube support team for additional assistance.
